

Murphy Warehouse Company Earns a Trio of Awards

With 2010 coming to a close, Murphy Warehouse Company enters its 107th year in business with several key awards.

- ***Food Logistics* magazine's Top 85 3PL Providers for 2010**
- **2010 Green Supply Chain Award from *Supply & Demand Chain Executive* magazine**
- **2010 Minnesota Family Business Legacy Award**

"We are honored to win these awards and feel they exhibit our commitment to excellence and innovation in support of our clients," said Richard Murphy.

For the fifth consecutive year, Murphy Warehouse was named one of ***Food Logistics* magazine's Top 85 3PL Providers for 2010**. The magazine selected companies that offer a broad scope of services and capabilities that enable food companies to reduce costs, increase flexibility and improve service levels.

Murphy Warehouse also won a **2010 Green Supply Chain Award from *Supply & Demand Chain Executive* magazine**. The award recognized 65 companies that are working to achieve measurable sustainability goals within their own operations and/or supply chains in the areas of sourcing/procurement, fulfillment/logistics, operations, product lifecycle management and other areas of the supply chain.

The company also was recently honored with a **Legacy Award at the Minnesota Family Business Awards** ceremony. Murphy Warehouse shared the top prize with two other venerable Minnesota family businesses: August Schell Brewing Company and Bachman's.

Sponsored by *Minnesota Business* magazine and Hubler for Business Families, Murphy Warehouse was recognized as a multi-generation, legacy family business that has thrived and successfully transitioned from one generation to the next based on five criteria: business success, family involvement in the business, positive family business structure, an active board of directors with outside advisors, and dedication to philanthropy and community service.

Now in its third year, the Minnesota Family Business Awards are designed to celebrate and recognize outstanding family-owned firms in Minnesota.
